## FROM THE CHAIRMAN

### FROM THE CHAIRMAN – SPANNER, SEPTEMBER 2025

Dear members,

It's hard to believe we're heading into the last stretch of another fast-moving year. Time really does fly when it's powered by carburetors, chrome and good company!

The 13th Erfenistoer is still fresh in my mind — the scenery, the laughs, the breakdowns that almost happened... and most of all, the friendships that make these tours so special. There's something magical about watching old cars stretch their legs on the open road, proving that passion and proper engineering age very well.

A big thumbs-up to Mark Jones and the team at Halfway Toyota George. Their support went far beyond a cash sponsorship — they offered a tow vehicle for backup, plus a media vehicle, and showed genuine care for our cars and our club. We're grateful to partner with people who respect classic motoring as much as we do.

Speaking of teamwork, I want to thank our committee and especially the Erfenistoer organisers Chris & Rensche Kühn, as well as our treasurer Willie van Zyl. Pulling off a tour takes planning, late nights, and a sense of humour — thank you for delivering all three. Now for some dates to remember:

- **Annual General Meeting: Saturday, 29 November 2025 @**
- **15h30 Yearend Braai at 'die BENZ' @ 18:00**

The AGM isn't just admin — it's the time where we look back, plan ahead, and remind ourselves why this club exists: to enjoy our cars together. The braai afterward is simply our favourite way to wrap up the year: great food, classic cars all around, and the kind of company that feels like family.

And then, the big one on the horizon...

The 29th George Old Car Show – Saturday, 14 February 2026 Next year's theme celebrates The Pioneers of Motoring, and we're planning a standout display featuring BENZ history and heritage. We are also celebrating the 20th Vettoer, and aiming to bring as many early veteran vehicles to the show. Trust me, you're going to want to be part of it.

So keep those classics tuned, keep the wheels rolling, and most importantly — keep enjoying every drive. After all, our cars were built to move, not to collect dust under covers.

See you on the road!

Warm motoring greetings,

### 2026 GEORGE OLD CAR SHOW "VETERAN TOUR"

Dear Veteran Enthusiast

The **20th VETTOUR** is planned to start from Prince Albert to George on Friday 13 February 2026. The tour is being arranged for the day before the 2026 George Old Car Show. These tours have been a great success over the past 19 years, and we are therefore excited to again arrange such an event for 2026. Thanks to everyone who in the past has made it possible for these VETTOURS to take place. It is a great honour for the Southern Cape Old Car Club to welcome these special cars from across the country, to the Southern Cape.

Information regarding the 2026 George Old Car Show's Veteran tour is as follows:

**DATE:** 12 & 13 February 2026

**TARGET GROUP PARTICIPANTS:** All vehicles manufactured without front wheel brakes as well as motorcycles manufactured before 31 Desember 1936.

**ROUTE:** The route covers an approximate distance of 170 km. We will depart from Prince Albert through the breathtakingly beautiful Meiringspoort, through De Rust back to George.

**ACCOMMODATION:**

We will be staying in Guest Houses in Prince Albert. We will be having dinner and breakfast at the Irish Bush Pub restaurant on Thursday evening and Friday morning. The cost is R1150.00 per person sharing and includes the following:

- Dinner and overnight facilities on Thursday 12 February 2026.
- Breakfast on Friday 13 February 2026.
- Afternoon tea and sandwiches at Deacon House in George.
- Spit braai on Friday evening at the clubhouse.

I will appreciate your swift response to me as soon as possible, indicating your intent to partake in this tour. **Please take note that the closing date for entries is Monday 12 January 2026.**

For any inquiries you are welcome to contact me on cell number 082 856 5152.

I trust that you will enjoy the tour with fellow veteran enthusiasts.

Regards

## Foreword: Welcome to the 2025 Erfenistoer

Dear Friends and Enthusiasts, It is with heartfelt excitement that I welcome you to the 13th Erfenistoer – “Legends on the Move”, a journey that once again brings together our shared love of classic motoring and the magnificent heritage of South Africa. From 23 to 27 September 2025, our tour will weave its way from the Outeniqua Mountains through the Klein Karoo and Breërivier valleys, right down to the Hemel-en-Aarde coast.

This year's route is rich in both scenery and experiences: a nostalgic movie night in Barrydale, National Braai Day at the Houw Hoek Hotel, a memorable visit to Museo Della Passione, sparkling wine tasting in the Hemel-en-Aarde Valley, and a festive seafood gala and prize-giving on Hermanus's shore. Each stop has been thoughtfully chosen to blend our motoring heritage with the best of South African hospitality.

As always, a tour like this is only possible thanks to the hard work of our organising team. My deepest thanks to the Erfenistoer committee, especially Chris & Rensche Kühn, and the SCOCC committee for their tireless planning and support. A special word of gratitude also goes to Mark Jones of Halfway George, whose continued partnership makes this event possible.

The Erfenistoer is more than just a tour – it is a rolling celebration of friendship, heritage, and the open road. Over the next few days, may you enjoy the camaraderie of fellow enthusiasts, discover new treasures, and create memories that will last long after the engines have cooled. Let's once again revive the spirit of a bygone era and set off together on this year's unforgettable journey.

Yours sincerely,

Waldo Scribante Chairman: Southern  
Cape Old Car Club

# HALFWAY TOYOTA GEORGE

## Welcome Note from Our Sponsor: Halfway Toyota George

It is with great pride and excitement that we welcome you to the 2025 Heritage Tour, proudly hosted in collaboration with the Southern Cape Old Car Club for the fifth year running.

At Halfway Toyota George, we are passionate not only about vehicles but also about the rich tapestry of history and heritage that our classic car community represents. It is an honour to be part of this extraordinary journey that celebrates timeless craftsmanship, beautiful scenery, and the enduring spirit of the open road.

The official launch of the tour will take place on 23rd September from our dealership on Knysna Road. From there, this unforgettable route will wind through some of the most breathtaking landscapes South Africa has to offer — from the majestic Tradouw Pass and the stunning Hottentots Holland Nature Reserve, to the iconic Clarence Drive, and along the captivating coastlines of Walker Bay and the Overstrand.

As your proud sponsor, Halfway Toyota George will be accompanying the tour every step of the way with a dedicated sweep vehicle on hand to assist any of the classic beauties that may need a little extra help along the journey. In addition, a press vehicle will be capturing the heart and soul of the tour — the stories, the scenery, and the special moments that make this event so memorable.

We look forward to sharing the road with you, supporting you along the way, and celebrating the heritage that drives us all.

Wishing all participants a safe, scenic, and unforgettable Heritage Tour 2025!

Warm regards,

The Halfway Toyota George Team  
Driven to support. Proud to preserve

# 2025 Erfenistoer – Legends on the Move

From the rugged Outeniqua slopes to the rolling vineyards of the Cape and the whale-rich coastline of Hermanus, the 2025 Erfenistoer is a five-day celebration of motoring heritage, scenery and camaraderie.

We begin on 23 September at Halfway Toyota George for the traditional scrutineering and send-off before sweeping over the Robinson Pass to Calitzdorp and on to our first overnight at the iconic Karoo Art Hotel in Barrydale – dinner theme: Movie Night.

On Day 2, we cross the Langeberg to Ashton, pausing at Platform 52 to admire its steam locomotive, lunch in the beautiful Nuy Valley, then drive past Theewaterskloof Dam and the majestic Hottentots Holland Mountains to reach the historic Houw Hoek Hotel. Tonight's theme is a festive National Braai Day with Sunshine and braaivleis.

Day 3 takes us to Lourensford Wine Estate in Somerset West to explore the Museo Della Passione, then lunch at The Grille Shack overlooking Gordon's Bay. After a visit to the Stony Point Penguin Colony in Betty's Bay, we arrive at the Windsor Hotel in Hermanus, perched on the famous Whale Coast, for a two-night stay.

On Day 4, we meander through the Hemel-en-Aarde Valley, tasting Genevieve MCC and lunching at La Vierge Winery, before returning to Hermanus for a spectacular seaside "blaw & white" gala at Bientang's Cave – seafood, waves, and magic.

Finally, on Day 5, we point our classic bonnets back toward George with a memorable lunch stop at the beloved Die Skeerhok Padstal, closing a tour filled with mountain passes, coastlines, fine food, and unforgettable friendships.

# Gala-aand: 2025 Erfenistoer

Dames en Here, liewe vriende,

Wat 'n ongelooflike paar dae was dit nie! Van die oomblik toe ons by Halfway Toyota George weggespring het tot ons middagete vanmiddag, het die 13de Erfenistoer weer eens bewys hoekom dit een van die hoogtepunte van ons kalender is. Dankie vir die glimlagte, die stories, die foto's en vir elkeen se goeie geselskap – julle maak hierdie toer besonders.

Weereens 'n Groot dank aan Mark Jones van Halfway Toyota George vir sy borgskap en onbaatsugtige ondersteuning. Graag nooi ek Riaan en Sarel om by my aan te sluit, , baie dankie vir jul uitstekende diens sodat ons veilig kon reis. Ons het groot waardeering vir julle en dit was ongelooflik om julle saam met ons op toer te kon hê. Kom ons gee vir hulle 'n groot handeklap vir ons waardeering.

Kan my mede-toer organiseerders na vore kom asb – Chris en Rensche Kühn, dankie vir jul harde werk, geduld en deeglike beplanning wat alles klop disselboom laat verloop het. Rensche was van die begin so opgewonde oor die toerroete en angstig of ek saam sal stem, natuurlik was dit 'n gegewe en ek is seker jul almal stem saam!

Willie en Japie – vir jul ondersteuning en entoesiasme. Ek kan darem sê ons is nie te ver in die rooi nie! René sê ek moet nie van die Bingo aand vergeet nie, die hoogte punt van die toer vir haar. Baie dankie julle! Aan ons sosiale media-span, Pierre en Wilma Malherbe, wat ons avontuur so mooi vasgelê het –dankie dat julle die Erfenistoer se storie met die wêreld deel. Ons het die Bentley 'n klein bietjie gemis

Ek wil ook graag René bedank vir haar spesiale fotos en ondersteuning.

Ek vra dat sy my hier by moet aansluit as ek die volgende paar spesiale toekennings maak

1. 13de Toer-deelnemers: George Marx met sy geliefde Morris Minor en Chris van Staden met sy Porsche 912 Targa – dankie dat julle ons toer sô kleurvol maak.
2. Ek dink ons mede passasiers benodig 'n spesiale vermelding, kom ons gee vir hulle 'n lekker handeklap - maar veral vir die in die Studebaker en BMW–Maritz Stander en Lilibet Nel, hier is vir elkeen van julle 'n klein lucky packet – julle moet maar self besluit of julle dit gaan deel met jul drywers
3. Voordat ons kom by die dames keuse, ons prys vir vanaand se best dressed gaan aan - Dennis Cook
4. Dames se Keuse: die pragtige Jaguar E-Type van André en Elmarie Brink – 'n ware styl-ikoon.

Baie dankie aan elkeen van julle – jul deelname is presies wat hierdie toer spesiaal maak.

Ons kyk reeds met opgewondenheid uit na die 14de Erfenistoer. Mag dit net soveel vreugde, avontuur en nuwe herinneringe bring as hierdie een.

Geniet vanaand se heerlike kos, die geselskap en die laaste paar ure saam. Dankie dat julle deel is van hierdie familie en dat julle die erfenis van klassieke motors so lewendig hou. Mag elkeen 'n veilige reis huis toe hê en mag ons paaië gou weer kruis.

Baie dankie.

## On two wheels into the future of motorised mobility: Daimler riding carriage from 1885

Mercedes-Benz  
Museum Press  
Information  
26 August 2025

- 140 years ago, Gottlieb Daimler applies for a patent for the riding carriage on 29 August 1885
- Equipped with a high-speed four-stroke engine, the riding carriage is the world's first motorcycle
- The technological transfer to the automobile follows in 1886

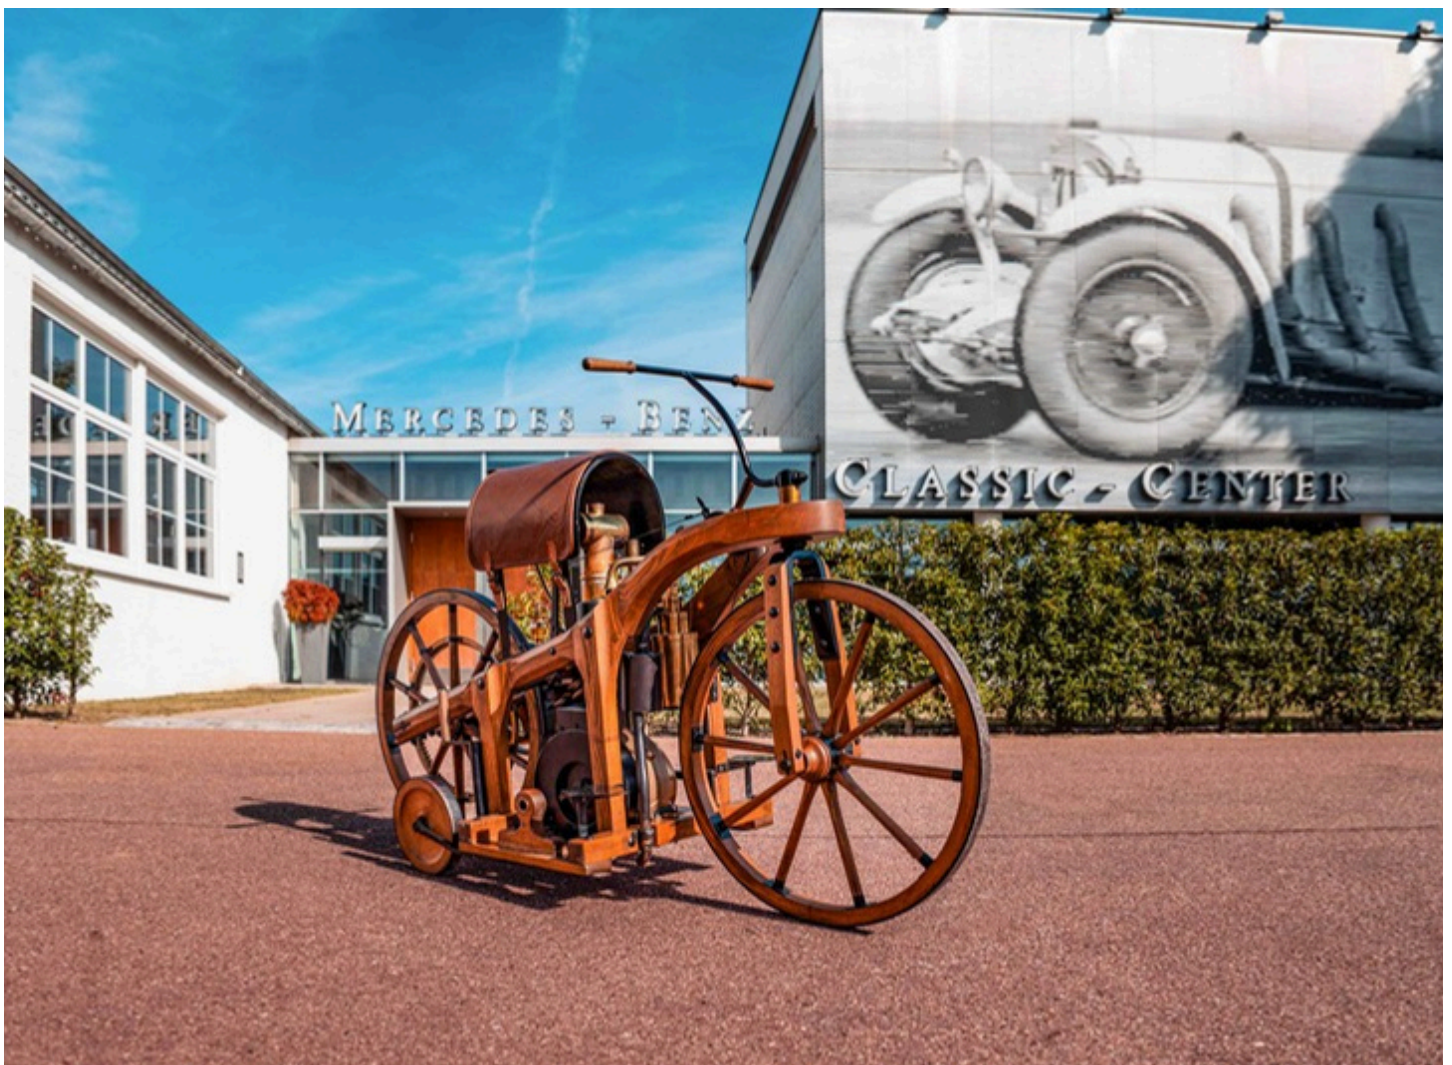

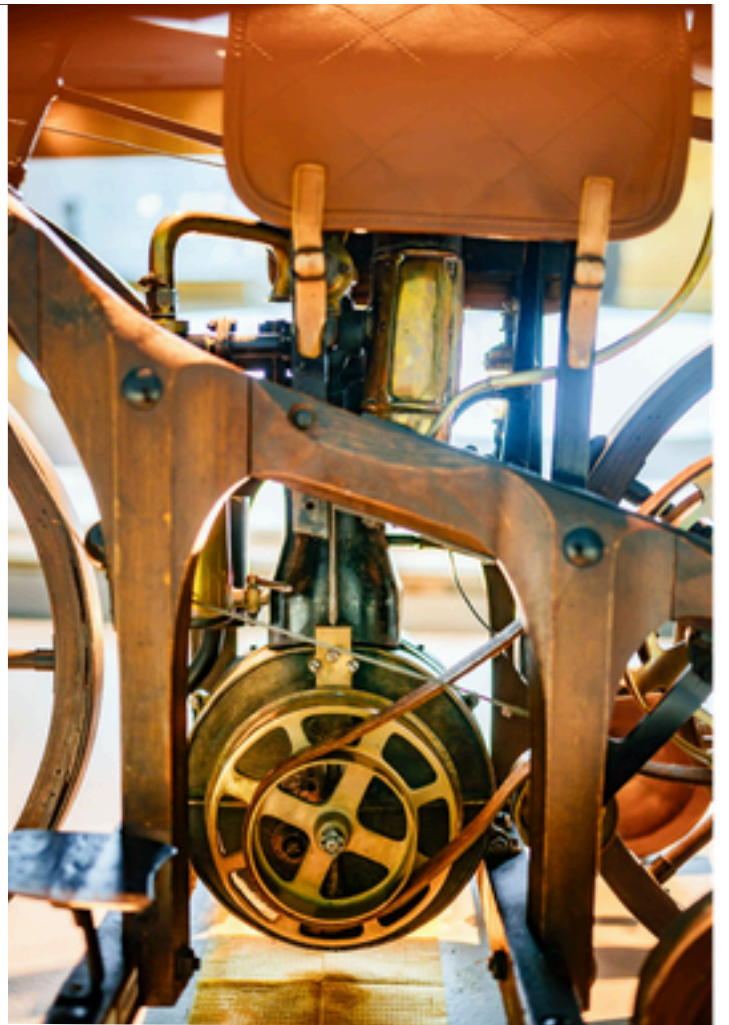

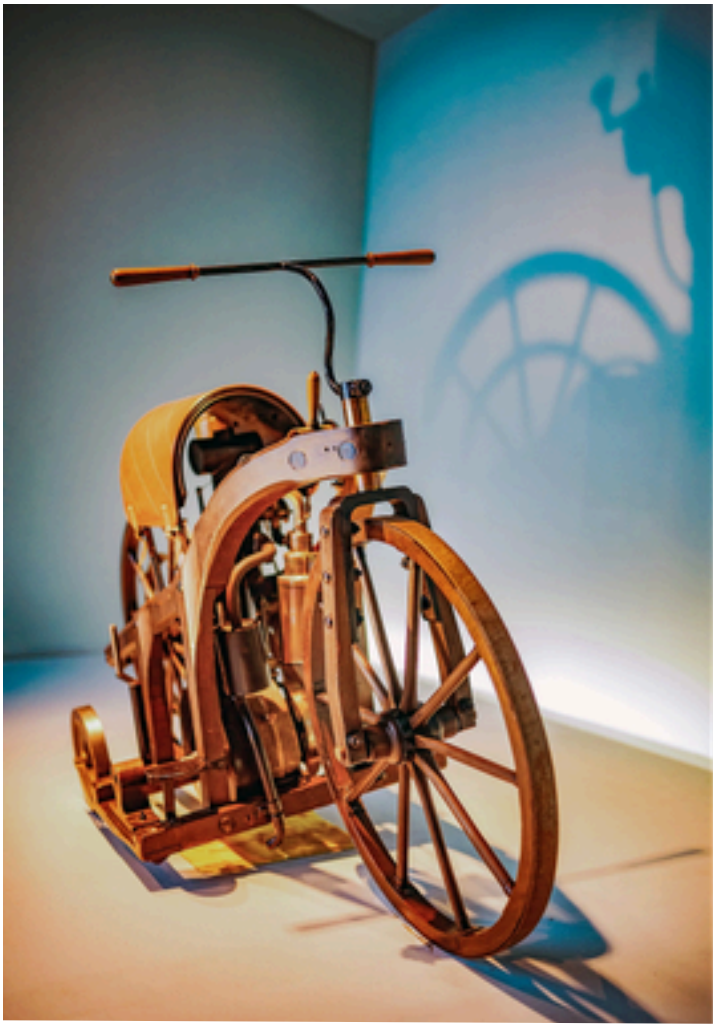

**Stuttgart. "Close-up"** – the name of this series from the Mercedes-Benz Museum says it all. Each installment tells surprising, exciting and interesting stories about vehicles from the exhibition. In the spotlight this time: the Daimler riding carriage in Legend Room 1: Pioneers – The Invention of the Automobile, 1886 to 1900.

### **No. 6/2025: Daimler riding carriage**

**The world's first motorbike celebrates its anniversary:** Gottlieb Daimler's riding carriage ran for the first time 140 years ago. The riding carriage is of course part of the Museum's permanent exhibition. Legend Room 1: Pioneers – The Invention of the Automobile, 1886 to 1900 also features an authentic reconstruction. The original from 1885 was destroyed in a major fire at the Daimler plant in Cannstatt on 9 and 10 June 1903.

**Technology platform:** There are two simple levers in front of the driver of the Daimler riding carriage from 1885. The metal handle on the left controls the mixture formation, the wooden knob engages the drive system or decelerates the rear wheel via a block brake. These controls represent the two fundamental innovations that revolutionised individual mobility 140 years ago: the development of the high-speed, compact combustion engine to series production readiness and its successful integration in a road vehicle. This two-wheeler, developed by Gottlieb Daimler and his colleague Wilhelm Maybach and patented on 29 August 1885 (DRP No. 36 423, issued on 11 August 1886), was the first functional road vehicle with a combustion engine – a milestone in the history of individual mobility.

**Caution, ignition:** The small brass tank with hopper and pump behind the driver looks like a petrol tank. It also contains fuel – but not for driving the engine. Instead, the small tank supplies the flame of the Daimler engine’s glow-tube ignition. This is the heart of the two-wheeler. On 3 April 1885, Gottlieb Daimler filed a patent application for the high-speed engine with vertical cylinder. The nickname because of its characteristic appearance: “grandfather clock”.

**With half a horsepower:** Daimler worked with Wilhelm Maybach for two years on the pioneering engine. In the riding carriage, the “grandfather clock” produces 0.37 kW (0.5 hp) at 600 rpm. Daimler’s vision: motorised mobility on land, on water and in the air. A short time later it became a reality, and in 1886 the engine was also used to power Daimler’s motorised coach, motorboats (from 1886), rail vehicles (from 1887) and airships (from 1888).

**Inventiveness meets craftsmanship:** The test vehicle combines the craftsmanship and mechanical engineering of the time. The wooden frame and the wooden wheels – as are also customary for carriages – belong to the wainwright’s trade. The robust iron tyres come from the blacksmith. The power transmission from the crankshaft to the reduction gearbox is provided by leather belts, like the ones used in the transmission systems of steam engines. There is no gear shift in the modern sense. But the belt can be placed on two pulleys with different diameters – this offers two different fixed ratios. The reduction gearbox consisting of pinion and ring gear is a piece of the era’s modern engineering. The straight handlebars were probably inspired by the so-called safety bikes with wheels of the same size developed that same decade.

**Balancing act with support: Daimler** and Maybach equip the technology vehicle, which can reach speeds of up to 12 km/h, with support wheels to stabilise the ride. Although these make tight bends more difficult to negotiate, they are a welcome safety feature, as today’s journeys with the riding carriage show. While it is not particularly manoeuvrable – its main task is to demonstrate a road vehicle running with a combustion engine.

**Pioneering:** On 10 November 1885, Gottlieb Daimler’s son, Adolf, travelled the circa three-kilometre distance from Cannstatt to Untertürkheim and back in the riding carriage. The vehicle idea works. One year later, the engine is transferred to a motor car – and a new era of individual mobility begins.
